

PRESS RELEASE

ENCO Appoints Pippin Technical as Dealer for Canada

Southfield, Michigan, June 7, 2010: ENCO Systems Inc., a leading worldwide provider of Digital Audio Delivery Systems, announced that Pippin Technical Service of Saskatoon, Saskatchewan has been appointed distributor and support partner for ENCO radio and television audio automation systems throughout Canada. PTS will provide a national Canadian sales and support facility to address growing demand for ENCO products.

Pippin will represent the full line of ENCO audio and data products in Canada including the DAD and Presenter studio automation and delivery systems and the RAMA metadata appliance for RDS and digital radio.

Allan Pippin, President of Pippin Technical said, "Our company is looking forward to our association with ENCO. We had reviewed several different platforms and believe that ENCO provides the most suitable technology for our existing and future customers. Pippin Technical has a long and successful history of serving the Canadian broadcast industry and ENCO is recognized as a leader in the supply of Digital Audio Delivery Systems. The strengths of both companies will be of significant benefit to the Canadian Broadcast Industry."

"We're very excited to partner with Pippin Technical to jointly meet the needs of Canadian broadcasters. Pippin has a great track record serving the broadcast industry in Canada and with their dedication to customer service combined with our own, we believe this is a great outcome for broadcasters across Canada." says Eugene Novacek, President of ENCO Systems.
